CHURCH

MULTIPLICATION

The gospel is the source of real transformation, with the church at the heart of renewing lives and communities. Through training church planters, supporting local congregations, and equipping ministry-minded leaders, GCN fosters healthy, gospel-centred churches that disciple people, strengthen communities, and shape our cities.

Flagship initiatives include The Incubator, Mini Intensive, and Gospel DNA trainings, ReVision workshops for local churches, Parakaleo for women in ministry, and city-wide events that provide accessible, practical tools for discipleship and cultural engagement.

6-MONTH HIGHLIGHTS

TESTIMONIES

INCUBATOR

(with Bible College of Malaysia)

A 10-session weekly incubator on gospel renewal trained 14 seminary students in ministry design, sparking fresh vision for emerging leadership.

MINI INTENSIVE PT.2

(English & Mandarin)

A 3-day intensive on Gospel-Shaped Ministry Design trained 53 leaders in church planting strategies and practical frameworks for discipleship, worship, and evangelism.

GOSPEL DNA KUCHING

(Mandarin)

The first Mandarin Gospel DNA in East Malaysia served 23 leaders with foundational, heart-focused gospel truths for faithful leadership.

The training renewed my heart, moving me beyond head knowledge, and equipped me to serve faithfully.

Clarity and heart-focused teaching brought concepts to life.

The gospel perspective challenged me to live more faithfully.

Practical, heart-centred, and full of clear strategies for ministry.

6-MONTH HIGHLIGHTS

TESTIMONIES

REVISION WORKSHOP

A ReVision workshop guided 15 leaders in clarifying their church's mission and setting actionable priorities across short-, mid-, long-term horizons.

PARAKALEO SEMINARS

Parakaleo training initiatives equipped 60 women in ministry with practical gospel tools through seminars, intensives, and small groups, strengthening resilience and faithful service.

A PRAYING LIFE SEMINAR

A seminar on prayer helped 96 participants cultivate honest, focused, and life-shaping habits of personal prayer.

The seminar encouraged me to remove barriers between ideals and real life in prayer.

I discovered freedom to pray even when my thoughts are scattered.

I was reminded of the gospel: Jesus lived the life I couldn't and died the death I deserved.

Experiencing this truth was truly transforming—thank you to the team for making it so real!

6-MONTH HIGHLIGHTS

HEART MATTERS CONFERENCE

Our annual conference gathered nearly 450 attendees through daytime leader sessions and open evening sessions, calling pastors and churches to heart-centred preaching, discipleship, and evangelism.

BAHASA MALAYSIA (BM)

A launch group of seven potential BM trainers was formed to pioneer contextualised ministry frameworks and develop modular church planting and church revitalisation trainings.

TESTIMONIES

This conference reshaped how I understand the deep desires shaping my congregation.

I learned to recognise God's grace at work through weakness in leadership.

The generosity and collegial spirit here points toward a true gospel movement.

The conference reminded me to apply the gospel to my own heart first.

We seek the renewal of our city by helping believers live out the gospel in their everyday work and public life. Through Faith and Work initiatives, we equip Christians to see their vocations as places of discipleship, witness, and service.

In a city like Kuala Lumpur, one of the most overworked in the world, this focus is especially urgent. By hosting events, dialogues, and collaborative initiatives, we support leaders and organisations in cultivating a gospel-shaped vision of work that brings lasting impact to workplaces and the wider city.

CITY

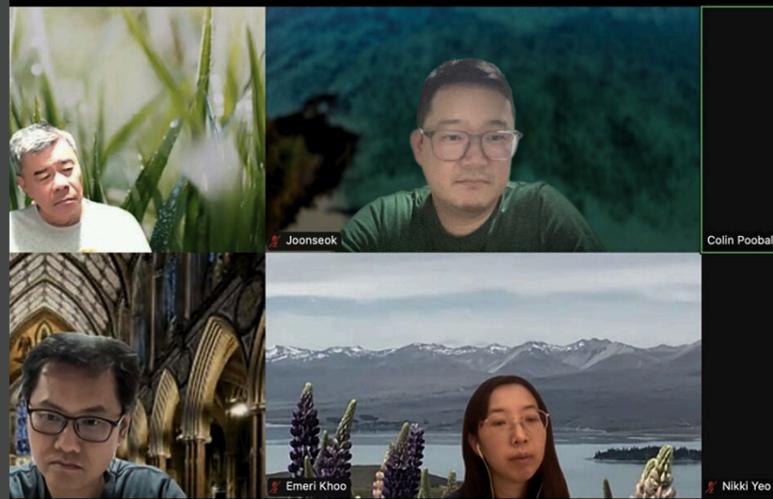

ENGAGEMENT

6-MONTH HIGHLIGHTS

TESTIMONIES

GOSPEL AT WORK COHORT

Two 8-session Gospel at Work cohorts equipped 10 leaders to integrate faith and vocation, addressing the real tensions of everyday work life.

CONNECTING CHURCH AND WORK LIFE SEMINAR

A Faith and Work seminar introduced 67 participants to practical tools for bridging Sunday teaching with daily work, addressing the divide between the sacred and secular.

FAITH AND WORK DIALOGUE

A Faith and Work Dialogue brought together 40 pastors and members for honest conversation about workplace realities, deepening shared understanding of how the church can better support its people.

It was eye-opening to hear pastors' initiatives for a more marketplace-aware mindset—and to see marketplace leaders gain perspective from them too!

COLLABORATION OF LEADERS

We recognise that meeting the city's needs requires collaboration beyond individual groups. By training leaders within local churches and fostering an interdenominational network, we equip congregations to work together while respecting their distinctives. Through dialogues, consultations, and networking events, churches share ideas, pool resources, and pray for one another. These relationships strengthen leaders and congregations, enabling a unified, gospel-centred response that brings transformation to the city.

6-MONTH HIGHLIGHTS

PRAXIS (PASTORS' FELLOWSHIP)

In the past six months, Praxis provided pastors and leaders with a reflective space to apply the gospel to cultural and ministry challenges. Together, pastors explored reconciliation beyond church walls and addressed barriers to evangelism, developing clear and credible ways to disciple their members and engage their communities.

RESOURCING

Through Greenhouse Publishing, we equip the church and city with gospel-centred resources by producing quality print and digital materials, supporting local authors, and partnering with international publishers.

These resources serve churches across Malaysia and neighbouring countries, strengthening access to trusted theological content for learning and ministry across the region.

6-MONTH HIGHLIGHTS

TRANSLATION PROJECTS

Expanded the Bahasa Malaysia (BM) resource library by translating 36 BM articles and publishing 2 new titles.

EDITORIAL GROWTH & PARTNERSHIPS

Strengthened publishing infrastructure through 2 new partnerships, refined editorial processes, and expanded reach into six new international markets.

PUBLISHING MILESTONE

Published *Called to Go: True Stories of Faith and Hope from Asia*, producing gospel-centered content for young readers.

EVENT & ENGAGEMENT

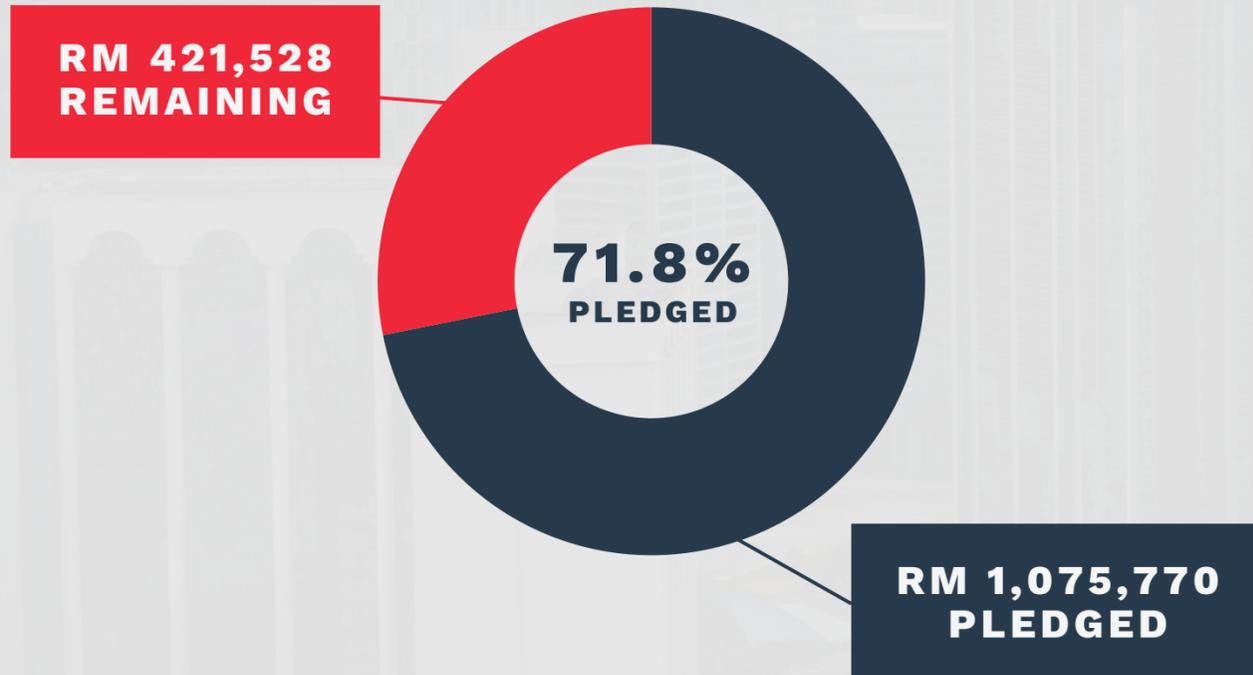

Facilitated 22 pop-up bookstores with interactive activities, engaging readers and promoting access to gospel resources.

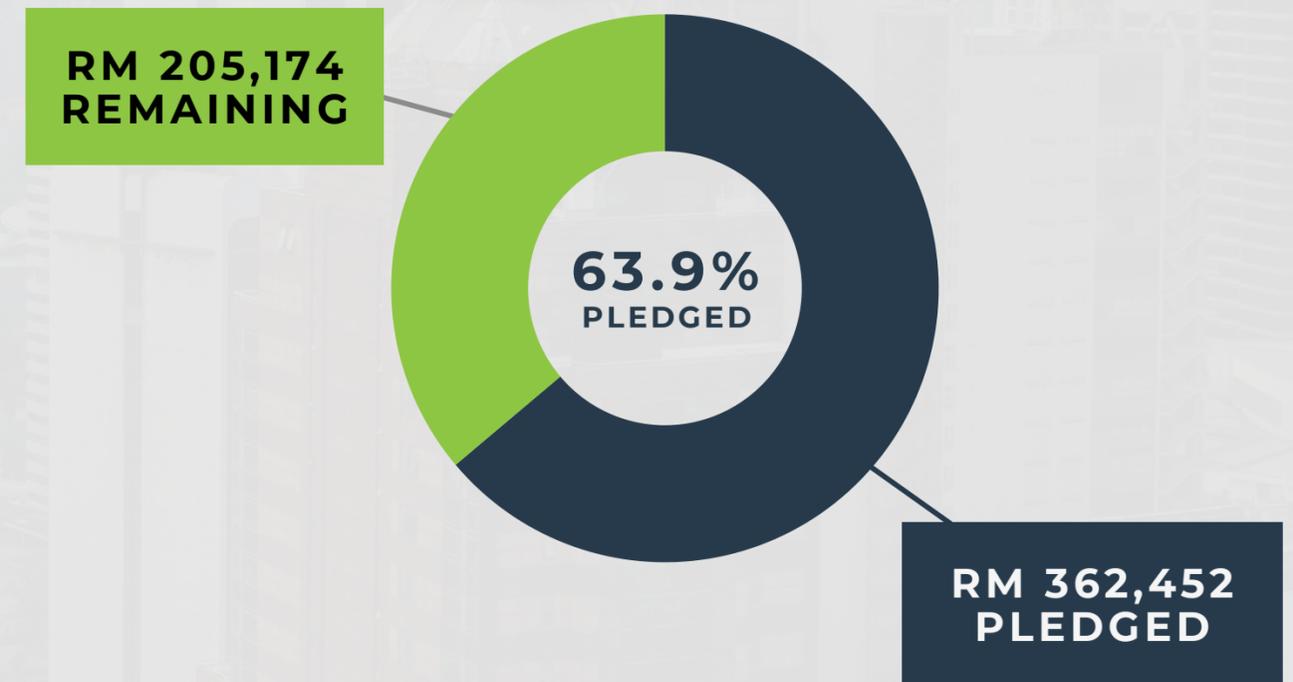

ONE-YEAR BUDGET

**TOTAL BUDGET REQUIRED FOR GOSPEL
CITY NETWORK: RM 1,497,299**

**TOTAL BUDGET REQUIRED FOR
GREENHOUSE PUBLISHING: RM 567,626**
